

Mr. Wes Roberts:

Just wanted to write you a quick note to say, thanks so much for fixing our air conditioning and on such short notice. We called several other AC service companies but you were the only one that could come out the same evening that we called and check our failing system out. You easily found the problem and readily had the needed replacement parts and our AC was up and running in less than an hour from the time that you arrived.

You are certainly friendly, committed and customer oriented. It is very encouraging to know that there are still service workers out there who understand the meaning of "service". You are a model for your peers and you unfailingly exemplify your trade.

Many blessings to you and Air of Houston.
